About the Institute

M G Science Institute is the premier institute of learning for almost seven decades. The college was established in 1946 by the dynamic and dedicated founder fathers and educators with a vision to impart quality education and is successfully run by Ahmedabad Education Society. To its credit, the highest number of under graduate (10) and few post graduate (02) degree courses in science are offered by the college. It is located in heart of Ahmedabad city having sprawling campus and offers serene ambience for learning. The college is affiliated to Gujarat University, the biggest university of Gujarat. The college is awarded 'A' Grade by NAAC in 2007 and again re- accredited at A in 2014. The institute is also the recipient of Star College Grant from the Department of Science and Technology, New Delhi.

The Chemistry department is the largest department of the institute.. At present the college offers B Sc, M Sc and Ph D courses in chemistry. With support of highly qualified and experienced faculty. The chemistry department of the institute has provided a large number of industrialists, academicians and technicians to the ever growing pharmaceutical industry of Gujarat.

About the Seminar

This seminar is aimed at providing the platform to scientists, researchers, chemical organizations and all representatives of pharmaceutical and chemical Industries to showcase their cogent findings and at the same time get exposed to a useful array of research and latest developments.

in the field of chemistry. Such chemistry conferences are a gathering of group of people who share their research findings and expertise in their respective areas. The chemistry field assembles a broad range of scientific disciplines to discover, design, delivery, disposition of new materials including medicinal compounds, polymers, plastics, pesticides, semiconductors, superconductors, nanomaterials and many more with wide variety of applications in the various fields of chemical sciences.

Call for Papers

Guidelines for abstract submission:
The abstract covering research and reviewed related to the theme of seminar is invited for only poster presentation. The research abstract should include back ground with aim, objectives and conclusion. The title should be written in capital and bold letters. Then the name of authors (starting with first name followed by surname) and their affiliation along with e-mail address. First three authors will be entitled to receive the certificate.
